

THE TRAFFIC PROJECT IN 3B

8. – 11. APRIL 2019

On the 7th February 2019 we celebrated carnival in our school.

In the Bilingual Primary School “Altmark”, we had a Traffic Project from Monday the 8th April to Thursday the 11th April 2019. The traffic project took place in the first four hours of school. In those four hours we learned all about; road signs, traffic rules and what a road-worthy bicycle needs. We all received a bicycle activity book so we could draw out the road signs and learn their meanings. That was a lot of fun. Interesting also was that you can’t assign all road signs in groups. We also wrote a test about those themes. On Wednesday the traffic instructors showed us how we should ride our bicycles properly in the streets. On the football field and on the skating ring we had to ride through an obstacle course. We had many different stations where we could earn points. That was our test.

This traffic project was a lot of fun! ☺

Finally, we would like to say a big thank you to the traffic team from Stendal.
