

TALENT SHOW

27.02.2020

On the 27th of February 2020 the Bilingual Primary School "Altmark" had a talent show.

It was very nice, everyone did their best. A lot of people came and there was almost no space for all of them. We had a beautiful stage with real stage lightings, just like in TV! At 5pm the moderator, Bendix from 3b, started the programm. The line dance group started the show with a dance to the song "I like it, I love it". There were also other dancers such as the boys from 4b who danced to the song "Gangman style" or the kids from 3a that danced to the song "Herzbeben" and the 2 girls from 3a who danced to "Dance Monkey". There were also kids that sang songs like Anni, Anna, Emma and Matilda from 4a who sang "Roar" from Katy Perry or Mylina and Sysnakee who sang "A Million Dreams" from Pink. There were also kids who played musical instruments, did magic tricks or showed their acrobatic talents. One of the highlights was Mohammad from 4b who "Beatboxed". But when we all thought that the show had come to an end, Frau Viehman, Lisa and Arthur sang and danced "Jede Zelle meines Körpers". Suddenly the teachers who were dressed like Grandmas went on stage and danced "I will survive". It was very funny and everyone laughed. Afterwards all the performers went on stage. Then the visitors went home. But the teachers had to clean everything. I still want to say thanks to the Förderverein and everyone else who helped.
